AmeriHealth Caritas Premier Plan

1/1/2026

Dental Benefit Summary

Plan Benefit Structure	
OON Reimbursement	MAC
Provider Network	IBX Dental PPO Network

1. All per year benefits mean calendar year.
2. Plan determines that a less expensive alternate procedure, service, or course of treatment can be performed in place of the proposed treatment to correct a dental condition. The alternate treatment will produce a professionally satisfactory result; then the maximum the plan will allow will be the charge for the less expensive treatment.
3. Any combination of x-rays billed on the same date of treatment, cannot exceed the allowed amount for a full mouth x-ray benefit.
4. Please refer to Exclusion and Limitations for plan Details and coverage limitations.

In-Network Providers / Participating Dentists	Participating dentists have contracts with IBX or with IBX's independent dental network vendor. Participating dentists accept negotiated fees as payment in full for covered dental services, and file a member's claims with IBX. Members usually have lower out-of-pocket costs with participating dentists.
Out-of-Network Providers / Non-Participating Dentists	Non-participating dentists have no contract with IBX or with IBX's independent dental network vendor. Non-participating dentists set their own rates, can collect up to full billed charges from members, and have no obligation to file members' claims.
Optional Pre-Authorization	If your dentist has recommended services and you are concerned about coverage or costs, your dentist can ask IBX for a pre-treatment estimate, called a "pre-authorization." IBX will review your dentist's proposed treatment and send your dentist information explaining what services will be covered and your estimated out-of-pocket costs for these services. A pre-determination can help you better understand what will be covered and the amount you will need to pay.
Additional Cleaning	All diabetic and expecting mothers are eligible for coverage of one additional dental cleaning procedure or one additional periodontal maintenance procedure. For members who have enrolled in the program, extended preventive benefits will remain available for the duration of these conditions.

Dental Benefit Summary

IBX PPO Limitations

Diagnostic & Preventive Services

1. Oral Evaluations (Exams) - Comprehensive and periodic - one (1) of these services per 6 months. Once paid, comprehensive evaluations are not eligible to the same office unless there is a significant change in health condition or the patient is absent from the office for three (3) or more years. Limited problem focused and consultations - one (1) of these services per dentist per 12 months
2. Prophylaxis (cleaning, scaling and polishing teeth) - Two (2) per Calendar Year; one (1) additional cleaning is covered for expecting mothers or Diabetics
3. Topical fluoride - One (1) per 6 months under age nineteen (19)
4. Bitewing x-rays - Two (2) per calendar year
5. Periapical x-rays - no limitations
6. Full mouth or panoramic x-ray - One per 60 months
7. Sealants - one (1) per tooth per 3 calendar year(s) under age sixteen (16) on permanent first and second molars
8. Antibiotic injections administered by a dentist - no limitations
9. Space maintainers - one (1) per three (3) year period for Members under age nineteen (19) when used to maintain space as a result of prematurely lost deciduous molars and permanent first molars, or deciduous molars and permanent first molars that have not, or will not, develop

Restorative Services

10. Amalgam and composite fillings (anterior restorations of mesiolingual, distolingual, mesiobuccal, and distobuccal surfaces considered single surface restorations) - Per tooth, per surface every 24 months

Oral Surgery

11. Oral surgery, including postoperative care for: removal of teeth, including impacted teeth; extraction of tooth root; alveolectomy, alveoplasty and frenectomy; excision of periocoronal gingiva, exostosis or hyper plastic tissue and excision of oral tissue for biopsy; tooth reimplantation and/or stabilization; tooth transplantation; excision of a tumor or cyst and incision and drainage of an abscess or cyst - no limitations
12. Simple extraction of teeth - no limitations

Endodontic Services

13. Endodontic treatment of disease of the tooth, pulp, root and related tissue, limited to: pulpotomy; apicoectomy - no limitations

Periodontics Services

14. Periodontic services, limited to periodontal maintenance - Periodontal maintenance following active periodontal therapy – two (2) per calendar year in addition to routine prophylaxis
15. Periodontic services, limited to root scaling and planing - One (1) per quadrant per 24 months
16. Periodontic services, limited to: occlusal adjustment performed with covered surgery; gingivectomy; osseous surgery including flap entry and closure - no limitations
17. Periodontic services, limited to pedicle or free soft tissue graft - One (1) Per 24 Months per Area of the Mouth
18. Periodontic services, limited to scaling in presence of generalized moderate or severe gingival inflammation - Full mouth, after oral evaluation and in lieu of a covered Prophylaxis (cleaning, scaling and polishing teeth), limited to one (1) per two (2) years

Repairs & Adjustments

19. Recementing bridges, inlays, onlays and crowns - After first 12 months of insertion and per 12 months per tooth thereafter
20. Repair of dentures or fixed bridgework - no limitations

Anesthesia

21. General anesthesia and analgesia, including intravenous sedation - no limitations
22. Infiltration of sustained release therapeutic drug - single or multiple sites - no limitations

Crowns, Inlays Onlays, Restorative Services

23. Crown build-up for non-vital teeth - no limitations
24. Restoration services, limited to replacement of existing inlay, onlay, or crown - Single crowns, inlays, onlays – not within five (5) calendar years of previous placement of any of the procedures in this category.
Replacement of natural tooth/teeth in an arch – not within 5 calendar years of a fixed partial denture, full denture or partial removable denture.
25. Restoration services, limited to stainless steel crowns - Up to age 14 (one per tooth per lifetime)
26. Restoration services, limited to post and core - Buildups and post and cores – not within five (5) calendar years of previous placement of any of the procedures in this category

Prosthetics

27. Prosthetic services, limited to initial placement of removable dentures or fixed bridges - no limitations
28. Prosthetic services, limited to replacement of removable dentures or fixed bridges - That cannot be repaired after five (5) years from the date of last placement.
29. Prosthetic services, limited to addition of teeth to existing partial denture - no limitations
30. Prosthetic services, limited to relining or rebasing of existing removable dentures - One per 24 months (only after 24 months from date of last placement)

Orthodontia

31. Orthodontia Services - no limits when a covered benefit

Payment for orthodontic services, if covered, shall cease at the end of the month after termination by the Company.
